It's getting close to Mother's Day and of course, there are so many different kinds of moms to shop for, that means many types of gifts. Here are some of my top suggestions for beauty gifts for Mom:

Duette from **Votre Vu** is one of the most ingenious products I've ever tried. A dynamic duo of lip balm and hydrating hand creme in one package. On the top, there is an applicator that contains Duette Luxe Lips, a hydrating lip balm. The bottom portion contains Tarte d'Amande hand creme, which is one of the richest hand treatments I've used. Retail at \$38; get more information at www.votrevu.com.
