It's Mother's Day this Sunday, dolls, in case you've been living under a rock. What are we getting for our MOMS? My brother and I have been scheming for a good gift for **Carol** and while beauty gifts are what Carol and I like to refer to as "Tuesday," this year's present is going to be a delight and will bring her kicking and screaming into the 21st century from a technology perspective. My father's not looking forward to being her live-in IT consultant, but I have confidence that she'll become well-versed within a couple weeks. For all of you who don't live in a veritable **Sephora**, a beauty set always delights. Here, my top five Mother's Day finds from my favorite brands. Check it:

### **Votre Vu Mother's Color Her World (\$70)**

Pamper her from head to toe with this gift set from Votre Vu. It includes a **SnapDragon Body Drench**, one of my favorite body hydrators in a hot orange hue and a fruity fragrance. The **Tout Le Monde Antioxidant Eye Gelee** will refresh her ocular area, while the supremely useful **Bebe Duette Framboise** will take up little real estate, but make a major addition to her makeup bag.
