Before we get into the hustle and bustle of the VERY long anticipated (RIGHT?) R18 Holiday Gift Guide, I wanted to share with you 5 things I'm loving this week.

**Essie Luxe Effects In Fringe Factor** (\$8.50) Features festively fine sparkle in a faceted mauve. Jazz up your holiday mani with it, stat.

**Lavanila Mini Deodorant** (\$8) Who can't use a mini deo for travel or your gym bag? PS It's natural, aluminium-free and smells divine.

**Fresh Cocoa Body Exfoliant** (\$45) Smells like Nutella, smooth skin like a dream and leaves it soft. The only issue is remembering not to eat it.

**Dermache Labs Fullfill** (\$89) Another day another serum, this is true. But one stopped me dead in its tracks when I learned about its use of an alcohol-based delivery system to penetrate the skin's moisture barrier so hyaluronic acid can penetrate and not leave the building, Elvis-style. In clinical tests, the serum reduced deep wrinkles for two weeks after application. I use it on my forehead and have noticed a difference in my skin's texture in just a couple weeks.

**Votre Vu Bebe Duette Luxe** (\$18) This purse staple now comes in a grapefruit-scented hand cream iteration, plus a tinted lip balm. Fun fact: [Grapefruit makes you smell younger](#).
