There's a zodiac arrangement for basically everything out there from who you're best suited to date, to what colors might potentially make your astrologically-inclined soul really pop. Guess what? Top astrologer and beauty guru, Tamerri Ater of [The Astrofashionista](#), spoke with us and says that very same is true of your beauty routine, too. That means astrology-believers should be paying attention to their skin, hair, and facial shapes according to the stars that guide them. Here's what she says every sign should be investing in when it comes to their beauty routine.

Libra

"Libras live for relationships and partnerships so it's only natural that they would gravitate towards products that serve a dual purpose. A double-ended mascara that includes both a volumizing primer and lengthening mascara formula in one is the perfect match for this sign, or any other dual purpose product." One to try: [Votre Vu bebe Duette Tarte D'Amande Luxe Lips and Hand Cream Duo](#), \$18, because you're a born multi-tasker and the scent of almonds is everything.
