The Seven Best Skin Care Products for Winter

WRITTEN BY JEFFREY JAMES KEYES | NOVEMBER 20, 2017 | GROOMING, WELLNESS

Winter can be a rough time of year on the skin with inclement weather outside and artificial heat inside. So we gathered a few of our favorite products to keep you feeling fresh this season

Votre Vu

Algae Stem Cell Serum

Inspired by the bountiful and biodiverse regions of France, Votre Vu designs and handcrafts their products with native plant and marine based extracts to nourish and pamper your skin. Their Algae Stem Cell Serum is full of blue-green algae stem cells (the most nutrient rich and bioactive of all algae) designed to specifically boost elastin and collagen synthesis while regulating epidermis renewal. Plump and renew your skin with a custom blend that features a combination of herbal extract of stem cell DNA, eryngium maritimum extract, allantoin from the comfrey plant, vitamin E and provitamin B5. Votre Vu products are small batch crafted. \$88
