

30 Natural or Organic Beauty Brands from Around the World You Have to Know

📅 October 7, 2016

👤 Maine Mine

If you're at all ecological minded, you've probably heard of the eye-opening and more than a little terrifying best-selling book, [There's Lead in Your Lipstick](#). And if you haven't, but don't like having your proverbial pants scared off, then the title of the book alone should hint at the potential hazards that are packed into many mainstream brands of cosmetics.

On the upside of all this (absolutely founded) fear mongering, you don't have to poison yourself to enhance your looks. If making your own organic [beauty products](#) isn't your thing, rest easy. Worldwide, there are hundreds of brands of natural and organic beauty products that will having you look great with peace of mind.

Check them out.
