**The beauty bumper:** It's too hot for your skincare regimen

**The fast fix:** Even after Labor Day, the days can be super steamy. That means you probably don't feel like slathering on much skincare, but keeping it up is crucial. Votre Vu Les Sorbet Advanced Care Iced Serum for Face is a breath of fresh air for your face—literally. It's meant to be stored in the freezer, so it's icy cold going on, but melts as soon as it hits your skin, and then you rub it in like a regular serum. The cool temp means it instantly tightens, plus collagen, peptides and hydrolyzed elastin hydrate and strengthen skin.
