

# OOO-LA-LA: VOTRE VU LES SORBET FRENCH WONDER SERUM

2017/10/02 / By Joyce Huang Beauty

Crafted just outside of Paris, France, Votre Vu is a French beauty and skincare line that handcrafts products in small batches for the utmost quality control. Now, our interest is almost automatically peaked when we hear the word 'French' associated with a skin care product. And rightfully so, because we just tried the Votre Vu Les Sorbet Serum and we are hooked!

Les Sorbet produces immediate results after application. This is because the formula is stored in the freezer, which means that you are going to have to make a slight detour to the kitchen to complete your face prep routine. When you receive the package, it will come with a bottle of liquid that contains elastin, collagen, and muscle relaxing vegetable peptides. This gets poured into a pretty push-pop style container that you then place in the freezer. Once it is frozen it is ready for use. Apply it to your face and use your fingertips to dab and massage into your skin. Between the innovative ingredients and the cold temperature, your face will feel and look fuller and invigorated, almost right away. Don't forget to apply it to your neck too, and if you are extra cautious like we are, to the front of your chest as well.
