8 Products Chic French Women Actually Use

Alexis Chestnov | September 14, 2016

When it comes to beauty, there is much to learn from French women. They're known for their consistent and covetable "au naturel" look and their routines embody elegance, simplicity and timelessness. While we can pore over their photos for hours on Pinterest, studying every detail of their makeup and style, we're left wondering what exactly are the products and techniques they use to achieve that gorgeous yet effortless beauty look. We turned to a couple French natives to get the secrets straight from the source.

Votre Vu Eyeliner (\$23)

As Fournier emphasizes, French women are experts when it comes to their **eye makeup**. "We love our Brigitte Bardot look at night; eye liner is a milestone in a French woman's life. I got grounded by my mother when I was stealing hers." When she was younger, Fournier used **Bourjois**, but now Votre Vu is her eyeliner top choice.
