

## ROSE GOLD MUST HAVES FOR VALENTINE'S DAY

MARIANNE MEISSNER \* FEBRUARY 1, 2018

# For Valentine's Day, 25 Rose Gold Must Haves!

Rose Gold, the perfect mixture of pale pink and gold, is the newest trend hitting the market and it's being used in every aspect of the beauty industry from tweezers to face oil infused with actual gold flakes and makeup brushes alike.

I've listed some of the most beautiful, and useful, Rose Gold beauty items on the market. I've also scored some PMM discount codes, AND partnered up with a few brands to offer our readers a giveaway so you can pamper yourself from head to toe (and not break the bank)!

Whether you're celebrating Valentines Day with friends, family or significant others, I hope the day is full of love and you realize just how worthy you are.

Have fun and feel beautiful!

XOXOXO Marianne
