Go Green for St. Patrick's Day: Beauty Edition

St. Patrick Day's coming Got to get your green nail polish, lippie and makeup on!

-PJ Gach

Did you forget that St. Patrick's Day is right around the corner?

St. Patrick's Day is coming up soon. You can go the same route you did when you were twelve; deely-boppers and a "Kiss Me I'm Irish" tee. There's nothing wrong with that. However, there are so many gorgeous shades of green makeup on the market, it would be more fun to up the ante, or "slay" if you will on March 17, than do the same old thing.

Am I right, or am I right? I've rounded up great options for you. Everything from nail polish to eye liner. If you're not one for going with bold green lips, go subtle with green eyeliner.

Read on for cool choices.
